Course Schedule

Most of the Continuing Education (noncredit) courses are open to interested persons without formal admission to the College. A few may have specific enrollment restrictions. We urge our students to register early to be sure of a place in the class of their choice. Early registration will often avoid the cancellation of a class with low enrollment. Many courses are closed when the maximum enrollment is reached. You may register in the Office of the Registrar on one of the campuses. You can register online, in person, by mail or fax!

The information supplied in this schedule is based on conditions at the time of printing and is subject to change without notice. Continuing Education Services reserves the right to cancel any course section in which there is an inadequate number of enrollees.
